

GETTING STARTED WITH APPLE CARPLAY® AND ANDROID AUTO™

Toyota’s latest-generation Audio Multimedia platform includes a huge list of great entertainment, convenience, and connectivity features.¹ This includes wireless connectivity for Apple CarPlay² and Android Auto,³ making it easier than ever to stay connected to your devices, with instant access to your favorite music, destinations, recent messages, and more.

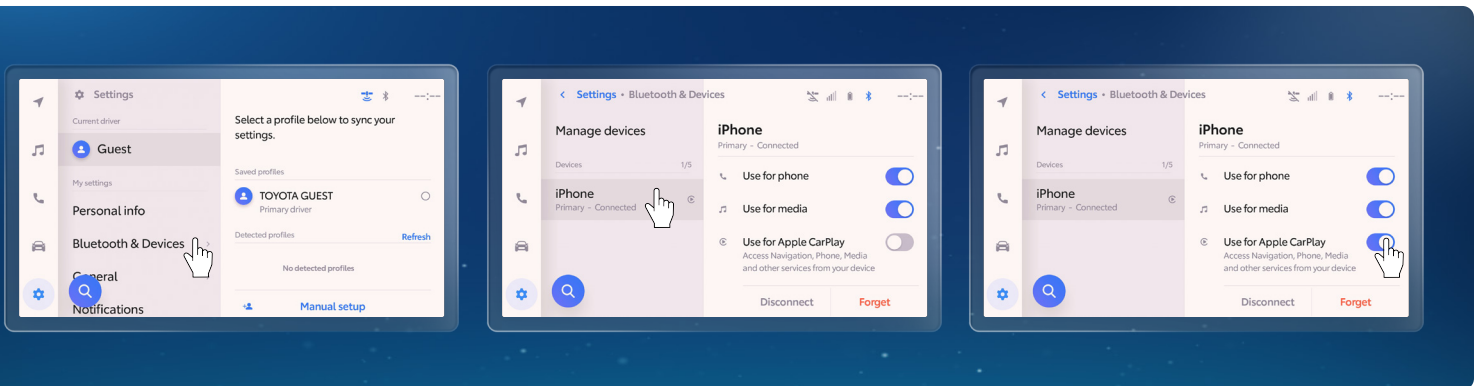

CONNECTING A DEVICE

Apple CarPlay and Android Auto can be set up during the *Bluetooth*⁴ pairing process.

1 To activate Apple CarPlay or Android Auto, simply select **Yes** during the Bluetooth pairing process. Choosing **No** means that the device will function as a standard hands-free device,⁵ and the service will need to be activated through the **Settings** [⚙️] section.

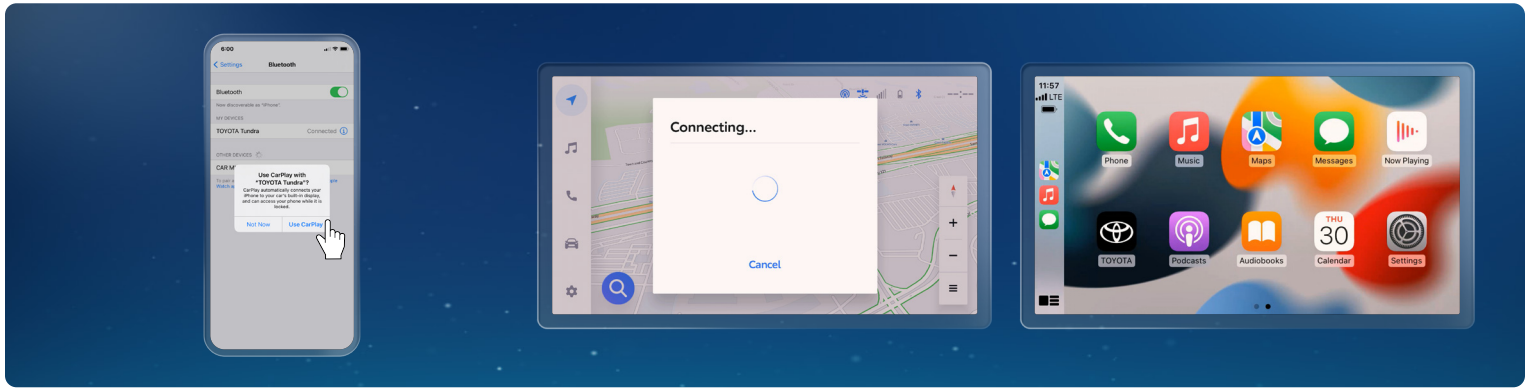

2 To enable the service from **Settings**, select **Bluetooth & Devices**.

3 Choose the device from the list.

4 Toggle on **Use for Apple CarPlay** or **Use for Android Auto**.

Connecting a mobile device with a USB cable is quick.⁶

- 1 Plug in the device, then accept the prompts on the mobile device.
- 2 Accept the prompts on the vehicle display as well.
- 3 Whether wired or wireless, the service will now automatically launch when the device is connected.

SWITCHING BACK AND FORTH

Once active, it's easy to switch between the default Audio Multimedia experience and the Apple CarPlay or Android Auto service.

- 1 Select the icon [⏮] in the upper left of any screen.
- 2 To return, select the **Toyota** icon from the service's home screen.
- 3 System audio and notifications will still work while you're using Apple CarPlay or Android Auto.

DISCLOSURES

1. Connected Services depends on factors outside of Toyota's control, including an operative telematics device, a cellular connection, GPS signal, and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded, including access to response center and emergency support. Service may vary by vehicle and region. Subscription required after trial. Terms of Use apply. Data charges may apply. Apps and services subject to change at any time without notice. See [Toyota.com/connected-services](https://toyota.com/connected-services) for details. To learn about Toyota's Connected Services data collection, use, sharing and retention practices, please visit <https://www.toyota.com/privacyvts/>. Stolen vehicle police report required to use Stolen Vehicle Locator. Connected Services by Toyota trials are at no extra cost. All trials begin on the original date of purchase or lease of a new vehicle, with the exception of Wi-Fi for which the trial begins at the time of activation. Paid subscription required after trial in order to continue accessing the respective services. Terms of Use apply. **2.** Apps and services are subject to change at any time without notice. Data charges may apply. Apple CarPlay® functionality requires a compatible iPhone® connected with an approved data cable into the USB media port or connected wirelessly to the vehicle. Apple CarPlay is a registered trademark of Apple Inc. **3.** Android Auto is a trademark of Google LLC. To use Android Auto on your audio display, you'll need an Android Auto compatible vehicle and Android phone. For phone compatibility visit: <https://www.android.com/auto/>. Apps and services vary by phone carrier and are subject to change at any time without notice. **4.** The Bluetooth word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Toyota is under license. A compatible Bluetooth enabled phone must first be paired. Phone performance depends on software, coverage and carrier. **5.** Concentrating on the road should always be your first priority while driving. Do not use the hands-free phone system if it will distract you. **6.** May not be compatible with all mobile phones, MP3/WMA players and like models.
